RE: Resource Environmental

To whom it may concern,

Our relationship with Resource Environmental dates to 2007. Over the period, we have conducted several millions of dollars in business together, spanning a wide area within California, with work mainly centered on lead and asbestos abatement.

Resource Environmental is our go-to source for proposals; their response rate, quality of work, and professionalism is outstanding.

Should you need additional information, please don't hesitate to contact us. Thank you.
